STAT

Dear [Redacted]

I would greatly appreciate your kindness in learning how our office might obtain a copy of a map that your agency printed in January 1984. Its title is **Antarctica: Research Stations and Territorial Claims**; its number is 700681 (543391).

As you know, the House Subcommittee on Insular and International Affairs, on which Mr. Sunia serves, has jurisdiction over matters involving Antarctica. In fact, last month in American Samoa Mr. Sunia hosted a congressional delegation which visited United States facilities in Antarctica.

Thank you very much for your thoughtful assistance with this matter. I am most grateful for your attention and help.

Yours sincerely,

Joseph H. McDermott
Legislative Assistant
